Profile Summary

Built a real-world e-commerce platform using full-stack technologies and SQL-backed analytics to deliver practical, data-driven solutions.

Detail-oriented BCA student with hands-on experience in Python, web development, databases, and real-time data handling. Proven leadership in GDG and Coder's Club, with strengths in collaboration, problem-solving, and driving tech-focused initiatives.

SKILLS

- Programming:** Python, C/C++, Java
- Web Development:** React, HTML/CSS, JavaScript, Tailwind CSS
- Backend & Database:** Flask, SQL/MySQL, PostgreSQL
- Data Analysis:** Excel, Pandas, NumPy, Matplotlib
- Others:** Git/GitHub, Computer Networks, DBMS, OS

EXPERIENCE

Tech Intern – Apollo Hospitals	June 27, 2024 – August 24, 2024
- Assisted in collecting and organizing data from various departments, ensuring accurate entry into internal records using Excel. - Gained hands-on experience in variance analysis, data accuracy, and reporting automation. - Observed data flow across teams within the organization, gaining insights into data management processes.	

PROJECTS

Gaming-Gear Hub – E-commerce Data & Product Analysis Project
Tech Stack: Python, SQL, PostgreSQL, React, Tailwind CSS
- Developed an affiliate-based gaming accessories platform with categorized product listings - Handled product data entry, filtering, and backend validation, simulating real-time e-commerce financial data flows. - Created structured databases and used SQL queries to track inventory, trending products, and price comparisons.
V Card Generator
Tech Stack: React ,QRcode
- Built a tool to generate QR codes from contact info using vCard format. - Used React libraries to automate vCard creation and QR rendering. - Delivered for official use in college; scanned cards save directly to phone contacts. - Real-world project showcasing data handling, automation, and deployment.

Leadership Experience

Head of Operations, Google Developer Group (GDG)	Aug 2024 – Present
- Lead and coordinate a team to organize events and workshops. - Foster collaboration and clear communication within the team. - Streamline operations to enhance student engagement and experience.	
Vice President, Coder's Club	Aug 2023 – Sep/2024
- Co-founded the Coder's Club and established a vibrant tech community. - Organized multiple hackathons, promoting collaboration and innovation. - Mentored fellow students in coding and problem-solving techniques.	

Education

Bharati Vidyapeeth (Deemed to be University), Kharghar	
BCA (Bachelor of Computer Applications)	Aug 2022 – Present
CGPA : 8.7/10
