

Danish Shaikh

9321602175 danish89761@gmail.com LinkedIn GitHub

Executive Summary

Built impactful, real-world projects including Resume 2 Job (RAG-based AI system), Amazon ML Challenge, and Post-COVID Mental Health EDA, applying OCR, LLMs, and data science to solve domain-specific problems. Proficient in Python, SQL, and end-to-end data pipelines with a focus on practical outcomes. Leadership role at GDG reflects initiative and experience in tech collaboration at scale.

TECHNICAL SKILLS

Languages & Data Science: Python, C++, Pandas, NumPy, Matplotlib, Scikit-learn

Applied AI: OCR, RAG, Vector Embeddings, Prompt Engineering

Backend & Database: Flask, FAISS, PostgreSQL, MySQL

Web Technologies: React.js, JavaScript, HTML/CSS, Tailwind CSS

Tools & Systems: Git/GitHub, Excel, Computer Networks, DBMS, Operating Systems

PROJECTS

Resume2Job — Personalized AI Assistant

Built a full-stack RAG-based AI tool to match resumes with job descriptions using FAISS semantic vector embeddings.

- Designed RAG-based pipeline to deliver tailored resume feedback beyond keyword matching.
- Supported PDFs, DOCX, TXT, and Images with OCR + session isolation.
- Tech Stack:** Python, Flask, React, Vector Embedding, OCR, FAISS, Gemini API

Amazon ML Challenge — Product Data Extraction (Team Project)

Used OCR and ML techniques to extract structured product data from e-commerce images.

- Extracted product dimensions and specifications from product images using Optical Character Recognition (OCR)
- Preprocessed noisy OCR data, engineered features, and handled missing values.
- Tech Stack:** Python, Pandas, scikit-learn, Tesseract OCR

Mental Health in Students Post-COVID - EDA

Analyzed real-world survey data to uncover mental health trends in students post-pandemic.

- Visualized links between academic stress, depression, and financial pressure.
- Delivered cleaned datasets and actionable insights for mental health awareness initiatives
- Tech Stack:** Python, Pandas, Seaborn, Matplotlib, Excel

PROFESSIONAL EXPERIENCE

Apollo Hospitals, : Tech Intern

Jun 2024 – Aug 2024

- Managed operational datasets and assisted in structuring reports for automation workflows.
- Gained practical exposure to how large organizations manage cross-team data flow and operations at scale

LEADERSHIP & ACTIVITIES

Google Developer Group (GDG), On Campus: Head of Operations

Aug 2024 – July 2025

- Managed end-to-end operations for 4+ workshops and events, ensuring smooth execution and logistics.
- Led a team of 20 members across coordination, scheduling, and speaker management.
- Delivered sessions and hands-on tool walkthroughs to 100+ students during technical workshops.

Coder's Club, Kharghar: Vice President

Aug 2023 – Sep 2024

- Co-founded the club and cultivated a vibrant coding community of 250+ members across multiple focused groups.
- Organized several coding events, hackathons, and workshops to promote hands-on learning and collaboration.

EDUCATION

Bachelor of Computer Applications (BCA)

Graduating Aug 2022 – July 2025

Bharati Vidyapeeth (Deemed to be University), Kharghar

CGPA: 8.85 / 10
